

Individual risk points in Step 1

FVC % predicted / DLCO % predicted

Current / past telangiectasias

Serum ACA

Serum NTproBNP

Serum urate

ECG: right axis deviation

Total risk points from Step 1

No referral | Referral to echocardiography

Individual risk points in Step 2

Total risk points from Step 1

Right atrium area

TR velocity

Total risk points from Step 2

No referral | Referral to right heart catheterisation
